MATESHWARI PRASAD **VERMA**

Lucknow, India 271861 | +91-8853952715 | mateshwari33@gmail.com | **WWW:** [Bold Profile](#)

Summary

Senior Frontend Developer with 3.5+ years of experience, strong in problem-solving, data structures, and algorithms. Proficient in **JavaScript** with specialization in **ReactJs**, NextJs. Adept at creating scalable, user-focused web applications. Skilled in Node.js, and MongoDB for robust backend development

Experience

Senior Software Engineer   **05/2023 to Current**
Slate Technologies   **Bangalore, India**

- As a Senior Frontend Developer, optimized construction software interfaces with 3D model rendering and dark/light themes for slate.ai web app.
- Engineered dynamic forms and advanced UI components, collaborating with design, backend, and QA teams for seamless integration and high performance.
- Developed scalable UI components, optimized application performance, and mentored junior developers.
- Tech: ReactJS, Redux, MUI, GraphQL, Three.js.

Software Engineer   **05/2022 to 01/2023**
Determinant Studios   **Bangalore, India**

- Led frontend development for smorgborg.org, delivering a comprehensive feature set and an intuitive user interface.
- Developed a custom email template editor, akin to the Unlayer open-source library, using ReactJS, Redux, Tailwind CSS, NodeJS, and CKEditor, with a focus on performance optimization for seamless user interactions.
- Tech: react.js,redux,nodejs,MongoDB,nextjs

Software Engineer   **11/2020 to 04/2022**
Techvedika Software Pvt. Ltd   **Hyderabad, India**

- Developed secure authentication, a user-friendly dashboard with advanced search/sorting, and streamlined onboarding for the Prosper.care job portal.
- Implemented job posting, application tracking, notifications, and real-time updates via third-party API integration.
- Designed reusable UI components, optimized performance with lazy loading/code splitting, and ensured responsive design across devices.
- Tech - Javascript,ReactJs,Redux ,Mui,NodeJs,Mongodb

Skills

- JavaScript
- ReactJs
- NextJs
- Redux
- TypeScript
- HTML5, CSS3, Tailwind CSS, Material-UI
- Data Structures, Algorithms
- Frontend System Design
- NodeJs, MongoDb
- RESTful APIs, GraphQL, Api Integration
- AWS, Vercel, Git, Jira Software, Jest

Personal Projects

Notion Clone
- Developed a Notion-like application with core features including secure authentication (Clerk),
  a rich- text editor, web publishing, real-time data synchronization (Convex), and nested documents.
- Implemented responsive design ensuring compatibility across various devices.
- Ensured high performance and scalability by optimizing data structures and application logic.
- Conducted thorough testing and debugging to maintain high code quality and reliability.
- Utilized ReactJS, Next.js, Tailwind CSS, and Edge Store.
- Live site : https://notion-mateshwari.vercel.app/

InterviewPro.info
- Created InterviewPro.info, a free platform for technical interview preparation covering topics such as
  DSA, JavaScript, ReactJS, Node.js, and Next.js.
- Designed an intuitive user interface to enhance the learning experience and improve user engagement.
- Implemented search and filtering capabilities for easy navigation of content.
- Ensured high performance and scalability by optimizing the codebase and leveraging Next.js for
  server-side rendering.
- Utilized ReactJS, Next.js, Tailwind CSS, and Nextra.
- Live site: https://interviewpro.info

Education

B.Tech in Computer Science & Engineering   **05/2020**
SR Institute of Management & Technologies   Lucknow, India
GPA: 8.00/10.0

Class XII UP-Board   **05/2014**
City Montessori School Balrampur   Balrampur, UP
Percentage: 86.60%
